[CCW License Terms and Conditions license holders must agree to and follow in order to maintain their CCW.](#)

California is **NOT** reciprocal with other states for civilian concealed weapon permits. CCW's from other states are not valid in California.

For active or honorably retired peace officers, refer to the [Law Enforcement Officers Safety Act of 2004 \(H.R.218\)](#) and [CPC 26300\(c\)\(2\)](#).

Officer Safety:

Just because you are interacting with a person who may possess a CCW, you are still contacting an armed individual. A CCW does not exempt you from practicing good officer safety.

Validating a Concealed Weapon License

Process

An armed individual is contacted in public and states they have been issued a carry concealed weapon (CCW) license.

After verifying the subject's identity, check the weapon's serial number in the **Automated Firearm System (AFS)**. If the weapon is a CCW listed weapon, it should have the type of license above the serial number in AFS. If unable to confirm the permit via AFS, contact the CCW Unit to confirm [REDACTED]

If a license holder violates one of the CCW agreement terms and conditions **ONLY**, then confiscate the license and return it to the CCW unit. The weapon will be rendered safe and **retained by the owner** so it can be legally transported from the scene.

If the CCW is revoked, expired or they do not have one - Handle as you would with any applicable violation of law.

Forward copies of all reports and "Log Items" related to contact with a CCW licensee to the CCW Unit at ccwpermits@ocsheriff.gov.
